

The Ultimate Bow Kite for 2008

Size: 6 - 8 - 10 - 12 - 14

JEKYLL

Gaastra JEKYLL:

The Gaastra JEKYLL rises to a new level of performance for all kites to follow.

The Gaastra JEKYLL is a 100% de-power Bow - Kite. The NEW STANDARD for ultimate windrange.

ALL STYLES

BOW KITE

The unique combination of Freeride; Freestyle; and Wave performance makes the Gaastra JEKYLL an all terrain kite.

Advanced Riders and Pros will love the direct, responsive bar feeling, the constant power and the extreme turning speed of the Gaastra JEKYLL. The main focus of the JEKYLL was to get a very predictable flight behavior that was easy to use. This allows the rider to concentrate on tricks, jumps and landings while not losing control of the kite. The new moves are a breeze with the JEKYLL.

Entry levels will appreciate the optional 5th-Line attachment making the relaunch very easy. The stable flight behavior gives the JEKYLL and rider constant power. This gives the rider an easy kite to handle and makes learning a fast and fun experience.

JEKYLL: The new 100% de-power Bow - Kite from Gaastra. State of the art technology that gives you exactly what you need: A HUGE wind range that allows only 2 kites to handle just about any condition - Get one today!
